

## Chawes Bio (100 words)

Chawes' acclaimed debut, "Up Close" propelled him through the sound barrier, sending the singer, pianist and entertainer out on a tour in 18 countries worldwide with his timeless personal vocal jazz/pop in the international league. Being more than merely a singer Chawes combines an obvious crooner talent with his own special ingredient: mouth instruments. His ability to make every detail of a whole rhythm section come alive with his mouth is uncanny. He is the first musician ever to sign an exclusive sponsorship deal with the No 1 international audio design, Bang & Olufsen.

"You made my night" (Ray Charles)
